All Town Officers shall pay all fees received by them by virtue of their office into the Town Treasury.

ARTICLE 7C

CLASSIFICATION AND COMPENSATION PLANS and PERSONNEL BY-LAW

Section 1. THE CLASSIFICATION PLAN.

The official classification plan shall consist of class titles

appearing in Schedule A which is made a part hereof, together with class definitions which are on file with the Personnel Board.

Section 2. THE COMPENSATION PLAN.

The official compensation plan which appears in Schedule B shall consist of salary ranges which provide minimum and maximum rates together with intermediate step rates or of single salary rates for each full-time position class in the Classification Plan. The Compensation Plan shall include compensation grades to which position classes are allocated in Schedule A.

Section 3. AMENDMENT OF THE PLANS.

The classification and compensation plans have been established pursuant to the authority contained in Section 108C of Chapter 41 of the General Laws. Either plan may be amended in the manner provided in this statute and the by-laws of the Town. Rates appearing in the compensation plan may be established or changed by vote of the Town at a Town Meeting, or as provided by law, whichever is applicable. Requests to the Personnel Board for any amendment to this by-law at any Annual Meeting shall be in writing and shall be received by the Personnel Board on or before October 1st of the year preceding such Annual Town Meeting in order to be considered by said Board.

Section 4. PERSONNEL BOARD.

The Moderator shall appoint a Personnel Board consisting of five members who shall be citizens and registered voters of the Town. Two members shall be town employees from two different departments, but not elected by the Town, who are elected by a majority of the employees of the Town present at a meeting duly called for the purpose of such nomination.

Members of the Board in office at the time of adoption of this by-law shall continue to hold office pursuant to the terms of their appointment until their successors have been appointed and qualified. Thereafter, each appointment shall be for a term of three years.

It shall be the duty of this board to administer the classification and compensation plans and other provisions of this By-Law not inconsistent with legislation establishing a Town Manager form of government for Arlington.

In making appointments to the Board, the Moderator shall give consideration to the personal qualifications of those citizens who will best meet the responsibility of the Board to represent both town employees and taxpayers. If possible, the Board shall consist of members professionally qualified who are familiar with the principles and experienced in the methods and practices of labor relations and personnel administration.

Section 5. CLASS DEFINITIONS.

The Personnel Board shall prepare and may amend, from time to time, written definitions of the classes in the classification plan, each consisting of a statement describing the essential nature of the work characteristic of positions in the class that distinguish such positions from positions of other classes, with such examples as may be deemed appropriate.

Section 6. INTERPRETATION OF CLASS DEFINITIONS.

The definitions of the classes shall be interpreted as descriptive only and not restrictive. The definition for any class shall be construed solely as a means of identifying positions classified under the appropriate class title, and not as prescribing what the duties or responsibilities of any position of the class shall be, or as modifying or in any way affecting the power of any administrative authority, as otherwise existing, to appoint, to assign duties to, or to direct and control the work of, any employee under the jurisdiction of such authority.

Section 7. RECORDS AND REQUISITIONS.

The Personnel Board shall keep such records of all employees of the Town, including the name, age, date of employment, classification of position occupied, department in which employed, nature of duties and other information as it deems desirable.

All requisitions for persons to fill position or perform duties classified under the Civil Service Law, all requests for transfers,

increases in salary, changes in rating, or other requests made to the Director of Civil Service or the Department of Civil Service, shall be cleared through the Personnel Board.

Similarly, all such personnel actions relating to positions which are not subject to Civil Service Law, but which are subject to the classification and compensation plans, shall be processed by the Personnel Board.

Section 8. ALLOCATION OF POSITIONS TO CLASSES.

The Personnel Board shall classify each position subject to the provisions of this by-law in accordance with the classification plan. Whenever a new position is established, or the duties of an existing position are so changed that in effect a new position of a different classification is substituted for the old position, the Personnel Board shall, in the same manner, classify such new or changed position.

In the event the Board determines that a new or changed position requires the establishment of a position class not included in the classification plan, it may authorize temporarily the necessary new classification subject to ratification at the next succeeding Special or Annual Town Meeting.

The Personnel Board shall have the authority to reclassify a position if it finds that such action is warranted by reason of error in the classification then in effect.

The Board shall afford reasonable opportunity to be heard to any employee or appointing authority affected by any classification or reclassification, upon written request therefor.

Section 9. TITLES OF POSITIONS.

No person shall be appointed, employed or paid as an employee in any position subject to the provisions of this by-law under any title other than that set forth in the classification plan for the position which he occupies. The title of each class shall be the official title of every position classified thereunder for all purposes having to do with the position as such, and shall be used

to designate the position on all payrolls, budget estimates and official records and reports, and in every other connection involving personnel and fiscal processes, but any abbreviation or code symbol approved by the Personnel Board may be used in lieu of the title to designate the class of a position in any such connection.

Section 10. INTERPRETATION OF PAY PLAN.

A Town Meeting vote which authorizes any change in rates from those which appear in either Schedule A or Schedule B under Sections 1 and 2 of this by-law shall include the appropriation of funds required to finance the change.

Section 11. VACATION LEAVE

If such certificate is not filed after request therefor, such absence may be applied, at the discretion of the department head, to vacation leave or leave without pay. The department head shall require such certificate at the end of two weeks of illness and subsequent certificates may be required at the discretion of the department head or the appointing authority.

Sub-section K

Discretionary sick leave not exceeding fifteen days may be granted by the appointing authority provided all accumulated sick leave and vacation leaves have been exhausted, and shall be charged against future sick leave credit, provided further that in connection with employees with at least twenty years of service with the Town and in the event of extenuating circumstances as determined by the appointing authority, additional sick leave not to exceed 150 days may be granted, which shall be similarly charged to future sick leave credit.

Section 2. Five per cent of the registered voters of any such town may, not less than ninety days before its annual town meeting, file with the selectmen a petition that there be submit-

ted to the voters of the town the matter of the acceptance of such standard form of representative town meeting government. The selectmen shall thereupon direct the town clerk to cause to be printed on the official ballot used for the election of town officers at such meeting substantially the following question: Shall the town adopt the standard form of representative town meeting government provided by Chapter forty-three A of the General Laws?

Yes	☐
No	☐

If a majority of the votes cast thereon are in the affirmative such standard form shall thereupon become effective in such town, and the acceptance by the town of the special statute under which it was theretofore governed shall be deemed to be revoked by such vote; provided, that the town meeting members elected at such election or in office under the provisions of such special statute shall, except as otherwise provided therein, remain in office until the next annual town election.

STANDARD FORM

Section 3. Upon the adoption as aforesaid of such standard form of representative town meeting government by a town, its selectmen shall forthwith divide the territory thereof into voting precincts, each of which shall be plainly designated and shall contain not less than four hundred registered voters. The precincts shall be so established as to consist of compact and contiguous territory to be bounded, as far as possible, by the center line of known streets and ways or by other well-defined limits. Their boundaries shall be reviewed, and, if need be, wholly or partly revised, by the selectmen in December, once in five years, or in December of any year when so directed by a vote of a representative town meeting held not later than November twentieth of that year. The foregoing provisions of this section shall not authorize any action contrary to the provisions of Section 9A of Chapter fifty-four.

The selectmen shall, within ten days after any establishment or revision of the precincts, file a report of their doings with the town clerk, the registrars of voters and the assessors, with a map

or maps or description of the precincts and the names and residences of the registered voters therein. The selectmen shall also cause to be posted in the town hall a map or maps or description of the precincts as established or revised from time to time, with the names and residences of the registered voters therein; and they shall also cause to be posted in at least one public place in each precinct a map or description of that precinct, with the names and residences of the registered voters therein. The division of the town into voting precincts and any revision of such precincts shall take effect upon the date of the filing of the report thereof by the selectmen with the town clerk. Whenever the precincts are established or revised, the town clerk shall forthwith give written notice thereof to the state secretary, stating the number and designation of the precincts. Meetings, of the registered voters of the several precincts for elections, for primaries, and for voting upon any question to be submitted to all the registered voters of the town, shall be held on the same day and at the same hour and at such place or places within the town as the selectmen shall in the warrant for such meeting direct. The provisions of chapters fifty to fifty-six, inclusive, relating to precinct voting at elections, so far as the same are not inconsistent with this chapter, shall apply to all elections and primaries in the town upon the establishment of voting precincts as hereinbefore provided.

Section 4. Other than the officers designated in the by-laws of the town as town meeting members at large, the representative town meeting membership shall in each precinct consist of the largest number divisible by three which will admit of a representation thereof in the approximate proportion which the number of registered voters therein bears to the total number of registered voters in the town, and which will cause the total elected membership to be as nearly two hundred and forty as may be.

The registered voters in every precinct shall, at the first annual town election held after the establishment of such precinct, and the registered voters of any precinct affected by any revision of precincts at the first annual town election following such revision, conformably to the laws relative to elections not incon-

sistent with this chapter, elect by ballot the number of registered voters in the precinct, other than the officers designated in the by-laws as town meeting members at large, provided for in the first sentence of this section, to be town meeting members of the town. The first third, in the order of votes received, of members so elected shall serve three years, the second third in such order shall serve two years, and the remaining third in such order shall serve one year, from the day of the annual town meeting; in case of a tie vote affecting the division into thirds, as aforesaid, the members elected from the precinct shall by ballot determine the same; and thereafter, except as is otherwise provided herein, at each annual town election the registered voters of each precinct shall, in like manner, elect, for the term of three years, one third of the number of elected town meeting members to which such precinct is entitled, and shall at such election fill for the unexpired term or terms any vacancy or vacancies then existing in the number of elected town meeting members in such precinct.

The terms of office of all elected town meeting members from every precinct revised as aforesaid shall cease upon the election as hereinbefore provided of their successors. The Town Clerk shall, after every election of town meeting members, forthwith notify each such member by mail of his election.

Section 5. Any representative town meeting held under the provisions of this chapter, except as otherwise provided herein, shall be limited to the town meeting members elected under section four, together with such town meeting members at large as may be provided for by the by-laws of the town.

The town clerk shall notify the town meeting members of the time and place at which representative town meetings are to be held, the notices to be sent by mail at least seven days before the meeting. The town meeting members, as aforesaid, shall be the judges of the election and qualifications of their members. A majority of the town meeting members shall constitute a quorum for doing business; but a less number may organize temporarily and may adjourn from time to time, but no town meeting shall adjourn over the date of an election of town meeting members.

All town meetings shall be public. The town meeting members as such shall receive no compensation. Subject to such conditions as may be determined from time to time by the members of the representative town meeting, any registered voter of the town who is not a town meeting member may speak at any representative town meeting, but shall not vote. A town meeting member may resign by filing a written resignation with the town clerk, and such resignation shall take effect on the date of such filing. A town meeting member who removes from the town shall cease to be a town meeting member, and a town meeting member who removes from the precinct from which he was elected to another precinct may serve only until the next annual town meeting.

Section 6. Nominations of candidates for town meeting members to be elected under this chapter shall be made by nomination papers, which shall show clearly whether he has been a former town meeting member, and, if an elected incumbent of such office, that he is a candidate for re-election and shall bear no other political designation. Such papers shall be signed by not less than ten voters of the precinct in which the candidate resides, shall be filed with the town clerk at least ten days before the election or, in towns which have accepted section one hundred and three A of chapter fifty-four, within the time provided by section ten of chapter fifty-three. They shall be submitted to the registrars of voters and shall be certified in the manner provided in section seven of said chapter fifty-three; provided, that any town meeting member, including any town meeting member in office under the provisions of a special statute under which such town is operating immediately prior to the taking effect therein of the standard form of representative town meeting government provided by this chapter, may become a candidate for re-election by giving written notice thereof to the town clerk not later than fourteen days prior to the last day and hour for filing nomination papers. If a town meeting member is a candidate for re-election, the words "Candidate for Re-election" shall be printed against his name as it appears on the ballot for the election of town officers; provided, that if a town meeting member who has been chosen by the remaining members from the precinct to fill a vacancy under the provisions of section nine is a candidate for election, the words "Candidate for Re-election" shall not be printed against his name

as it appears on the ballot. No nomination papers shall be valid in respect to any candidate whose written acceptance is not thereon or attached thereto when filed.

Section 7. The articles in the warrant for every town meeting, so far as they relate to the election of the moderator, town officers and town meeting members, and as herein provided, to referenda, and all matters to be acted upon and determined by ballot, shall be so acted upon and determined by the registered voters of the town in their respective precincts. All other articles in the warrant for any town meeting shall be acted upon and determined exclusively by town meeting members at a meeting to be held at such time and place as shall be set forth by the selectmen in the warrant for the meeting, subject to the referendum provided for by section ten.

Section 8. A moderator shall be elected by ballot at the annual town meeting when his term of office expires, for the term of one or three years, and shall serve as moderator of all town meetings, except as otherwise provided by law, until a successor is elected and qualified. Nominations for and election of a moderator shall be as in the case of other elective town officers, and any vacancy in the office may be filled by the town meeting members at a meeting held for that purpose. If a moderator is absent, a moderator pro tempore may be elected by the town meeting members.

Section 9. Any vacancy in the full number of town meeting members from any precinct, whether arising from a failure of the registered voters thereof to elect, or from any other cause, may be filled, until the next annual election, by the remaining members of the precinct from among the registered voters thereof. Upon petition therefor, signed by not less than ten town meeting members from the precinct, notice of any vacancy shall promptly be given by the town clerk to the remaining members from the precinct in which the vacancy or vacancies exist, and he shall call a special meeting of such members for the purpose of filling such

vacancy or vacancies. He shall cause to be mailed to every such member, not less than five days before the time set for the meeting, a notice specifying the object, time and place of the meeting. At the said meeting a majority of the members from such precinct shall constitute a quorum, and they shall elect from their own number a chairman and a clerk. The choice to fill any vacancy shall be by ballot, and a majority of the votes cast shall be required for a choice. The chairman and clerk shall count the ballots and shall make a certificate of the choice and forthwith file the same with the town clerk, together with a written acceptance by the member or members so chosen, who shall thereupon be deemed elected and qualified as a town meeting member or members, subject to the right of all the town meeting members to judge of the election and qualifications of the members as set forth in section five.

Section 10. A vote passed at any representative town meeting authorizing the expenditure of twenty thousand dollars or more as a special appropriation, or establishing a new board or office or abolishing an old board or office or merging two or more boards or offices, or fixing the term of office of town officers, where such term is optional, or increasing or reducing the number of members of a board, or adopting a new by-law, or amending an existing by-law, shall not be operative until after the expiration of five days, exclusive of Sundays and holidays, from the dissolution of the meeting. If, within said five days, a petition, signed by not less than three per cent of the registered voters of the town, containing their names and addresses as they appear on the list of registered voters, is filed with the selectmen asking that the question or questions involved in such a vote be submitted to the registered voters of the town at large, then the selectmen, after the expiration of five days, shall forthwith call a special meeting for the sole purpose of presenting to the registered voters at large the question or questions so involved. The polls shall be opened at two o'clock in the afternoon and shall be closed not earlier than eight o'clock in the evening, and all votes upon any questions so submitted shall be taken by ballot, and the check list shall be used in the several precinct meetings in the same manner as in the election of town officers. The questions so submitted

shall be determined by a majority vote of the registered voters of the town voting thereon, but no action of the representative town meeting shall be reversed unless at least twenty per cent of the registered voters shall so vote. Each question so submitted shall be in the form of the following question, which shall be placed upon the official ballot:— “Shall the town vote to approve the action of the representative town meeting whereby it was voted (brief description of the substance of the vote)?” If such petition is not filed within said period of five days, the vote of the representative town meeting shall become operative and effective upon the expiration of said period.

Section 11. The town, after the acceptance of this chapter, shall continue to have the capacity to act through and to be bound by its town meeting members, who shall, when convened from time to time as herein provided, constitute representative town meetings; and the representative town meetings shall exercise exclusively, so far as will conform to the provisions of this chapter, all powers vested in the municipal corporation. Action in conformity with all provisions of law now or hereafter applicable to the transaction of town affairs in town meeting, shall, when taken by any representative town meeting in accordance with the provisions of this chapter, have the same force and effect as if such action had been taken in a town meeting open to all the voters of the town as organized and conducted before the establishment in said town of representative town meeting government.

Section 12. This chapter shall not abridge the right of the inhabitants of the town to hold general meetings, as secured to them by the constitution of this commonwealth; nor shall this chapter confer upon any representative town meeting in any town the power finally to commit the town to any measure affecting its municipal existence or substantially changing its form of government without action thereon by the voters of the town at large, using the ballot and the check list therefor.
